

Dear Third Grade Families,

It's hard to believe that we have now completed the third week of the second half of the year. The Crab Feed and auction is just around the corner. Our auction basket is now complete thanks to the 100% class participation & most importantly, thank you to Mrs. Aguirre for purchasing the items and putting it all together. Our class auction project, a 32 inch wooden clock made of cedar now has each student's finger prints on it and it looks amazing. I know this will be a BIG money maker for our school.

Got Crab? Be sure to purchase your Crab Feed tickets and get in on the live auction to win this clock! Thank you, Mrs. Gamble for helping the students practice and for your artistic eye so that our project would be a success.

Hearing Screening: Friday, February 1st--Please reading, sign and return the form inside your child's Friday folder.

Math Madness: The students will continue to divide with more challenging numbers this coming week. There are still some students who need to memorize their facts. Knowing all multiplication facts by heart will be a **HUGE** help with your child's success. It is also necessary for moving onto 4th grade. Please do all that you can to help & encourage your child to practice. There are a lot of computer programs/apps out there & practicing in the car to and from school or when they have extra windows of time at home. Setting up a goal at home to work toward when all of their facts are memorized would be a good motivator. We have set a goal for our class that they are working towards.

Please find the important upcoming information within this email.

Bible Verse: "Even though I walk through the shadow of death, I will fear no evil, for You are with me. Psalm 23:4
