monkey	electric	junk	blanket
equal	mistake	ache	stomach
request	skeleton	peculiar	attic
reckless			

## Crab Feed

---

We have been working really hard on our auction project. We are supposed to have it done by the end of the week. The students have each decorated an umbrella and I think they are really proud of their work. If you have not donated \$20 dollars yes, please remember to send it to school with your child.

## Supplies

---

Some parents have asked if the classroom needed supplies. We just got a great amount of lined paper from a student. We could use a few containers of Clorox disinfecting wipes.
