

First Grade Newsletter

Friday, May 24, 2019

This week, in First Grade, we have been working hard to finish the school year strong in Math, Reading and Writing. We did begin a new Science unit about the "Human Body". Students are enjoying learning about the different muscles and bones in our bodies. In Bible, we have been discussing the many ways we can show the same love that Jesus has shown us.

There will be no homework packet or spelling list going home this week. Last week's packet was the last for this school year. That being said, please continue to have your child read 15-20 minutes per day. Have them practice addition and subtraction. Writing simple stories (three sentences long that show a beginning, middle and end) is good practice too. As always, be creative and keep the learning fun. The transition to Second Grade will be easier for students if they continue to practice the skills they learned in First Grade.

If you have not sent in your child's field trip permission slip/money for "Imagine That!" and "Round Table Pizza", please do so as soon as possible so we can make the necessary final arrangements. Also let me know if you are planning to drive your own student. Remember, our trip is Monday, June 3!

If you are the parent of a "summer birthday" and would like to celebrate with a "goodie" in the classroom, please let me know. I am planning to celebrate in my small way in the classroom on Tuesday, June 4.

Next week each day is a themed dress day for all students (except Wednesday, May 29 which is our usual Chapel attire). On Tuesday, May 28 the theme is "Crazy Dress Day". On Thursday, May 30 the theme is "Repeat Day"(students may repeat their favorite themed day). On Friday, May 31 the theme is "Superhero Day". Students are to have fun with these themes, but remember to dress appropriately for school.

Remember, Monday, May 27 school will be closed for Memorial Day. Friday, May 31 is a minimum day. All students will be dismissed at noon. May 31 is also "Doughnuts With Dad" from 7:30-8:00am.

Ocean Projects will go home tomorrow! We have enjoyed them. I thank you for your support. Everyone learned so much!

Enjoy the long week end!

Mrs. Thomas
