

First Grade Newsletter

November 15, 2019

This week, in First Grade, we practiced subtraction and learned about related facts between subtraction and addition. In Language Arts, we were very busy writing about what we would do to make a turkey a pet! These great stories will be on display on our hallway bulletin board. We practiced reading comprehension and fluency through the story, "Sea Animals". We really enjoyed the amazing underwater photographs that accompanied the story! In Science, we talked about the different environments for plants and animals. We also learned about "The Food Chain". We had fun creating our own food chains. Some First Graders had a difficult time coming up with a plant (fruit/vegetable) they had eaten in the last 24 hours! In Bible, we learned about the strength and protection we receive from God through the story of "David and Goliath".

Friday, November 22, I am planning to have a small Thanksgiving celebration in class. I will have a sign-up sheet available, beginning today, for items needed.

Also on Friday, November 22, all money from the "World's Finest Chocolates Sale" are due.

Finally, next Friday, November 22, is a minimum day. All Students will be dismissed at 12 noon.

Monday, November 25 through Friday, November 29 is Thanksgiving Break. School will resume on Monday, December 2.

Thank you for your continued support in so many ways!

Have a blessed week.

Mrs. Thomas
