

Miss Mathews 1st/2nd Combo Class

11/8/2019

First Grade: This week we learned all about the short u sound. We continued to talk about final blends. We learned all about the setting, characters and plot of a story and why it's important to know these things. We learned all about propositions and how to find them in a sentence. Our stories this week were A Cupcake Party and At the Bakery. In Math, we started learning subtraction strategies. They used number lines to count backwards, subtraction word problems, and related facts to make a subtraction problem.

Second Grade: This week we learned a lot about contractions words and how they are two words put together. We also talked about fact versus opinion when we are reading. The children loved figuring out what was a fact versus what was someone's opinion. We talked about verbs in present, past and future tense. In math, we started talking about number concepts and patterns. We worked on odd and even numbers, skip counting, ordering two digits (such as just before, between, and just after), and ordinal numbers.

Our Bible story this week was The Snake on the Pole. We talked about what repentance is and how to ask God to forgive our sins. We have officially wrapped up our plant unit and will be moving into Environments for living things next week.

Music: MS. Donna has asked that they bring their flutophone with their music binder to every music class. Please make sure they have it on Tuesdays and Thursdays.

PE and Music are on Tuesdays and Thursdays!

Blessings,

Miss Mathews
