Kindergarten Newsletter
March 13, 2020

We have had a fun, busy week here in kindergarten. With all of the yucky, crazy germs going around we decided to take a closer look at germs and learn more about them. We learned about two different types of germs—bacterial and viral. We discussed ways that germs get into our bodies. And we have been practicing good hand washing techniques. We are praying to stay healthy every day! I have also been sanitizing the classroom daily (which I did anyway). We are doing our best to keep those germs away!!

St. Patrick’s Day is next week. Don’t forget leprechaun traps are due on Monday. Instructions for the traps were sent home last week. Fingers crossed we actually catch a leprechaun this year! They always manage to slip away! 😊

If you haven’t brought in supplies for this quarter please do so soon. We are in need of copy paper and we always can use more Clorox Wipes and hand sanitizer (if you can find it anywhere!). Also, if you would like to donate a can of Lysol that would be great, too.

If you haven’t heard, we will NOT be singing in church on Sunday. It is being postponed to a later date.

Have a great weekend!

Mrs. Fernandez
