

Bethany Lutheran School

What are Enrichment Courses?

Enrichment courses extend beyond the subjects that are typically taught in schools and may include learning various subjects. These courses are meant to challenge students, while allowing them to explore new or existing subjects. The success of the Enrichment Program depends on the enrollment of students.

What is a Remediation Program?

The remediation program is designed to close the gap between what a student knows and what he's expected to know, while helping to improve upon an earned grade of C or below.

The following remediation courses/ subjects will be offered:

Math ELA Social Studies Science

The following enrichment courses will be offered:

Technology Spanish STEM
Beginning Programming (Khan Academy)

Harvest @ Home Hybrid Homeschool Program

This program is designed to allow families the option of attending in person classes, up to 7 hours during the week, in conjunction with working at home, or the option of completing the Bethany Lutheran curriculum entirely at home following the provided lesson plans at a self-paced rate.

The Bethany Lutheran Harvest @ Home hybrid homeschooling program is open to families from the community. All students must go through the online enrollment process and are responsible for all registration and testing fees before acceptance into the program if you are not currently registered or attending a BLS program. Please visit online for more information and tuition rates.

Bethany Lutheran School

Safe, nurturing, diverse and academically challenging, are but a few words used to describe our community at Bethany Lutheran Schools. Our TK through eighth grade student body is comprised of children from the surrounding cities who are focused on a Christ-centered education with academic excellence as well as building long lasting relationships through a wealth of programs and activities.

Bethany Lutheran

Transitional Kindergarten (TK)—8th Grade

Bethany Lutheran School is a private, non-denominational, Christ-centered school serving students in grades TK–8. Bethany Lutheran students discover the happiness of learning through a rich and varied curriculum. Small class sizes are conducive for building relationships between teachers and students, which ensures each student the individual attention and support they deserve. BLS understands that it is important to recognize and nurture the individual talents of each student, to help them thrive as they make the transition from Elementary to Middle School, and Middle School to High School. BLS is accredited by both the Western Association of Schools and Colleges (WASC) and National Lutheran School Accreditation (NLSA). Our curriculum is based on Core Knowledge principles and a Biblical worldview. Biblical worldview is the governing perspective that God is the source of all truth, and He has revealed in the Bible everything we need to know for life and godliness. The Bible is at the core of what BLS teaches, and encouraging students to develop a Biblical worldview is integrated daily into the classroom. Students, parents, faculty and staff are all valued members of our diverse and nurturing Christian school community.
