

Hello First Grade Families!

I wanted to welcome our new student who is starting Monday, Kiri Bocade! We are looking forward to meeting you!

In Math we continued learning about number sentences. We learned about adding with wrap ups, adding double facts and making and reading bar graphs. In ELA, we read "A Musical Day". We learned about sequence of events, cluster sounds, How to write a letter, and proofreading a letter.

Please remember to send your child with a sweater, hoodie or jacket (It gets chilly in our classroom) Also please label any jackets and water bottles.

Please remember to pack 2 healthy snack, (3 if going to extended care after school), and a healthy lunch. I am sending a smoothie form for Friday, November 6th, in their homework packet.

Please send the form with your child, with \$5 cash, by Wed., November 4th.

Enjoy your weekend!

Mrs. Campos
