

Kindergarten Newsletter

October 29, 2020

We have had a busy week here in kindergarten. Even though we had three short days, we filled them with lots of learning. We did a lot of fun Halloween activities this week. We learned about the life cycle of a pumpkin and did a worksheet to go with it. We made cute pumpkin decorations too! Parent conferences went well. Thank you to all of you who came and talked to us. It was nice to sit and actually get to see our parents. And we loved that you were able to see our classrooms finally!

A few reminders-students can wear their costumes to school tomorrow. Superheroes, Disney, occupation, animal, harvest, sports, etc. are all acceptable. Please, nothing inappropriate and no masks or weapons. Students should also wear appropriate shoes.

Please remember to pack a good lunch for your child. We have a long day at school and students need the appropriate nutrition to learn their best. We have a morning snack, lunch and an afternoon snack. Students do not have to eat afternoon snack. They should have one or two healthy snack items for morning snack, Two or three items for lunch including a sandwich, pasta or protein of some sort. We know kids can be picky but try and provide them with items they like that are also nutritious.

Have a great weekend!

Mrs. Fernandez and Miss Mathews
