

First Grade Newsletter

November 13, 2020

This week, in First Grade, we explored our school garden and learned about the different parts of plants. In Math, we continued to practice addition and subtraction and calendar skills. We continued to increase our reading fluency and comprehension through our small reading groups. We spent some time learning about and discussing veterans. We were excited to write our own letters to a veteran. In Bible, we learned how God hears all our prayers and knows the right answer and timing.

Today will be the last Friday for smoothies due to the change in the weather. Smoothies will be sold again when the warmer weather returns.

Next Friday, November 20th; is a minimum day. All students will be dismissed at 12 noon. Extended Care is available. This is also the last day of school before the Thanksgiving Break. I have some special activities planned for this day. I am looking for a donation of 14 small individually sealed bags of popcorn and 14 boxes or pouches of apple juice. I cannot accept anything that is not individually sealed at the store. If you would like to donate one of these items, please let me know as soon as possible.

This school year, our Thanksgiving Break is Monday, November 23rd through Friday, November 30th. School will resume on Monday, November 30th.

Mrs. Thomas
