

Hello First Grade Families!

In Math we learned about counting money, counting even numbers, counting by 10's and symmetry, In ELA, we learned about prepositions, nouns, words that end and begin with the "th" sound.

I sent home a flyer about our annual Christmas tree lighting on December 11th @

6:00 p.m. Please dress warmly and and please bring a flashlight. There will be cookies and hot chocolate.

Please remember to label your student's jackets, sweaters (chapel), lunch totes and water bottles. Please do not bring toys to school.

If you are able to donate small prizes for our prize box (they can earn prizes for each word wave they complete, and for earning 20 train tickets for good behavior).

Thank you for all of the families who have generously donated supplies and prizes for our prize box.

If any families are able to donate any Lysol or disinfectant spray, I would really appreciate it. We have plenty of disinfectant spray and paper towels and hand sanitizer.

Have a great weekend!

Mrs. Campos
