This week, in First Grade, we practiced reading and writing statements and questions in Language Arts. In Reading, we used this week's Journeys story "The Big Trip" to compare and contrast characters. In Math, we learned how to add double digits (without regrouping). In Social Studies, we learned about the United States monuments in Washington, D.C. In Bible, we continued to see God's words and lessons through "Jesus' Miracles". We also had fun making trees using our arms and hands and adding hearts to the branches for a valentine project!

Our classroom can be on the cool side at times. Check with your child, but you might want to make sure they have a light sweater or sweatshirt (refer to dress code) to wear in the classroom when they feel the need. Please continue to send warm jackets for outside play.

Priority registration for returning students continues through February 21st. Paula Rush is available in the school office next week, Tuesday through Friday, from 8am to noon.

Next week in Winter Break. There will be no school Monday, February 15th through Friday, February 19th. School will resume on Monday, February 22nd. There will be no homework packet going home during the break, however I will send home a copy of the Spelling words for the week of the 22nd and the usual Reading Log.

Have a safe and happy break!

Mrs. Thomas
