

March 26, 2021

Hello First Grade Families!

In Math we learned drawing a picture to solve a problem, adding 10 to a number, dividing shapes into fourths and least and greatest numbers. In ELA, we read, "The Tree", we continued learning about pronouns, words with "ar" "or" and "ore" sounds, dialogue and story structure. In Science we learned about seasons and weather.

Just a reminder that next Friday is the start of our spring break. Thursday, April 1st, is not a minimum day. Classes resume Monday, April 12th. The last day to drop off plastic eggs filled with non chocolate candy is Monday, March 29th. Volunteers are still needed to help with the Easter Egg Hunt on Saturday, April 3rd from 9:00 a.m. to 11:00 a.m.

I am wondering if your student (s) can donate any empty cans (soup or canned vegetables) for an upcoming art project. I also need donations of candy peep rabbits, generic jelly beans (the softer jelly beans) and toothpicks (the ones that are pointy on both ends) and paper plates. This is for an art project for next Thursday, April 1st. Any donations would be greatly appreciated. If they could be brought in no later than Thursday morning, that would be great! If you are able to bring in a pre-packaged treat or some Capri Sun drinks for next Thursday, for our Easter celebration, please let me know.

Enjoy your weekend!

Mrs. Campos
