

First Grade Newsletter

May 14, 2021

This week, in First Grade, we enjoyed sharing our Animal Projects with our classmates. Everyone did such a great job! Thank you again for your support. In Math, we learned one-to-one correspondence and continued to practice math facts. In Science, we learned about solids, liquids and gases. We now have two butterflies and are awaiting two more! As you can imagine, this is a big attraction in our classroom! In ELA, we continued to practice comprehension and fluency through our Journeys story "A New Friend". We also learned how to create longer sentences using the word "and". We are working hard at becoming interesting writers. In Bible, through the story "Tabitha", we learned about love and caring. We also completed the story of "Socks" by Beverly Cleary during our daily story time. Everyone loved to hear about the adventures of this cat and hated for the story to end. If you are looking for a story to read to your First Grader (or them read to you) I would recommend this book! I even encouraged them to keep the story going and write about further adventures for Socks!

Next Friday, May 21st, is "Doughnuts for Dad". Between 7:45 and 8:30AM, you may come to school and enjoy a morning treat with your child!

Even though our weather is warming up, I suggest you send your child to school with a light sweater/sweatshirt that can remain in their backpack. Sometimes our classroom runs on the cool side due to the air conditioning and students would like the option of a light sweater/sweatshirt. Also, please remember to send water bottles everyday. Students know they can sip on water during the day and always refill their bottles in the classroom. Due to Covid restrictions our outdoor drinking fountains are not available.

Continue to read the Eagle and our Classroom Newsletter for details on end of the year activities! You won't want to miss a thing!
