

Kindergarten News

September 24, 2021

We have had a fun spirit week here at school! In Bible this week we learned about when Isaac was born. Abraham and Sarah's son, that God had promised them. In language we continue with our vocabulary reader and daily reader in small groups. Our word for the word wall this week is "and". In math we continue with number writing practice and sorting objects by three attributes. Science has been so much fun! The students have been continuing with studying weather patterns and the four seasons.

Additionally, we learned about Johnny Appleseed and how he wore a cooking pot on his head as he traveled around the country spreading apple seeds! The students made their own cooking pot hats and even sampled apples to see which kind they liked best! Speaking of apples, hope the pie sales are going well! Order forms are due October 20th.

Hope the rainbow words are going well and keep bringing in those reading logs!

Thank you!

Mrs. Fernandez and Mrs. Jamison
