

Kindergarten Newsletter

January 28, 2022

What an exciting week we had! Two dress-up days?! So fun! The 100th day of school was filled with lots of counting. We counted 100 Fruit Loops and made a necklace. We counted by 10's to 100 and made hats that said 'I am 100 days smarter!' We even had a few 100 year old kindergarteners in our classes. Everyone looked so cute. Friday was D.E.A.R. Day. We read many interesting books and wore our comfy pajamas. Thank you to all of the students who brought books in to read. Even with all of the fun things happening, we still managed to get lots of learning in! For Bible, we read about Jesus performing the miracle of turning water into wine. In math we made a graph of our shoes and learned that most of us wear tennis shoes to school. ELA this week was all about the beach. We thought of many things we would like to do at the beach. Our students are beginning to sound words and short sentences out on their own. It is really fun to watch them start to figure it out.

Important Dates-

Feb. 7th-Priority Registration Begins (returning students)

Feb. 7-11-Book Fair

Feb. 14th-Valentine's Day. Students can bring valentines to exchange with their classmates. Please don't personalize each valentine (your child doesn't have to write each classmate's name on each card). This makes it easier to hand out. We will have a sign up sheet some time next week for our classroom celebrations.

Have a great weekend!

Mrs. Fernandez and Mrs. Jamison
