March 25, 2022

Hello, Parents!

Spring has sprung and summer weather is taking over already! Be sure to send water bottles every day with your child as they come in from recess every day like they have just hiked the Sahara!

This week we continued our math journey with division and measurements. Social studies was super cool as we had a guest speaker share her journey to American citizenship after coming to America as a child from Colombia. It was very enlightening as we learned all about immigration, green cards, and citizenship tests for those who want to be American citizens. We also took a look at how the Constitution has formed as well as the Bill of Rights. We reviewed our science chapter about how some landforms are made and evolve and took a test on Thursday. As you can see, we have been very busy in third grade as we prepare to move up to fourth grade very soon!

Easter Festival is right around the corner on April 16, 2022, at 9:00 a.m. We are asking each child to bring in **one dozen plastic eggs filled with non-chocolate goodies**. It can be candy, stickers, little trinkets, etc. I'll collect the eggs until Monday until April 11th. The secret word is kona ice. Please send these to school this coming week!
