

Miss Mathews 1st and 2nd Combo Class

4/29/2022

Our bible stories this week were Jesus on the Cross, Jesus Dies and Is Buried, and Jesus Rises from the dead. We talked about how Jesus died for the sins of the world. He took our burden away and made sure that we can be with God in heaven. In science, we finished unit 5 and took our science test. We also walked around campus and cleaned up any garbage we could find to be great helped to our campus and community. We continue to work on our handwriting, cursive and scrapbooks.

First Grade: This week, we worked on words with er and est. We learned about changing y to I before adding our ending. We continue to work on different kinds of sentences and what kind of punctuation goes at the end. When we write, we are working on adding details into our writing using adjectives. In math, we are working on addition and subtraction facts, days of the week, tally marks, place value, counting money, fractions, measuring in centimeters and double digit addition. We will have a math test next Friday!

Second Grade: This week, we worked on words with oo. We learned about adverbs that tell how and when. We used adjectives in our writing to make it more interesting and add detail. We continue to practice using commas in a series and possessive pronouns. In math, we continue to work on our addition and subtraction facts, multiplying by 2's, right angles, line segments, graphs, parallel lines, mixed numbers and measuring lines in centimeters. We will have a math test next Friday!

Standardized Testing: We will be having standardized testing May 16th through May 19th. My first graders will be going into Mrs. Beall's classroom for testing and my second graders will be going into Mrs. Ledford's class for testing. I will be placed in another classroom to proctor the exam. This is because each grade level has different instructions and has to be walked through the exam. All students will return to me after the exam to finish our day! Please make sure to pack a lot of health options for snack and lunch. Students will be very hungry due to testing.

Class Supplies: If you are trying to get some partnership hours in, here are some things we need for our class. We use these supplies daily and are running low. Please keep your receipt and attach it to the partnership hours' form and I will initial next to it:

- Copy Paper
- Clorox wipes
- Paper Towels
- Lysol or Microban Air Spray

Partnership Hours: Please make sure to turn in partnership hours' form at the end of each month. This makes it easier for the office to input it and get you credited for the hours.

Blessings,

Miss Mathews
