

Clemons' Class News!

May 27, 2022

Hello, Parents!

We have had a busy week in third grade with lots of math review, learning about new cultures in social studies, and practicing all the ELA skills we've been learning while even picking up a few new things. I am very proud of how far they have come in such a short time. I am honored to have been your child's teacher for the second half of the school year, and I believe they are prepared to enter fourth grade.

I would like to encourage you to keep your child practicing ELA and math skills on Prodigy over the summer. I will be popping on and checking their progress and will put extra practice problems in there if I see they are struggling with a certain skill.

Thank you for your exceptional support these past few months. This has been an amazing class to teach and I will forever be grateful for my time here at Bethany.

Here is what is coming up in the final few days next week...

Important dates coming up!

June 1-2, 2022 - Minimum Days (*noon dismissal*)

June 1, 2022 - Chapel/Awards Ceremony (*Parents invited*)

June 2, 2022 - Last day of school/Field Day

Final Chapel Service/Awards Ceremony

On Wednesday, June 1, 2022, our final chapel at 8:30 am will also be our awards ceremony for all grades and will be held outside. Parents are invited to attend.

Field Day!

Field Day will be on Thursday, June 2, 2022. **The third grade is in charge of bringing "sliced tomatoes and lettuce" as toppings for hamburgers.**

Please send that with your child on Thursday morning, June 2, 2022 (or no sooner than Wednesday morning and I can put them in the fridge).

Kona Ice will also be here celebrating with us! You can send cash or use a handy QR code to pay online. You can find the code in this week's Eagle.

Clemons' Class News!

If you have volunteered to come help with Field Day, please be here by 9:00 am. I believe Mrs. Rush will email more information as needed.

Lost and Found

As we wrap up the school year, please be sure to check the lost and found for any missing items.

Bag for Desk Stuff

Please send a bag to school, in addition to their backpack, as we will be cleaning out our desks on Tuesday.

Summer Enrichment on Prodigy

Over the summer, please be sure to have your child work in Prodigy; especially English. I have created some assessments/lessons (that are embedded into the game) for continued practice on skills they will need for fourth grade. They have done a wonderful job with math in Prodigy and I want them to be just as successful with English skills. The work they do is always saved and will follow them as they increase their skills. If any future teacher uses Prodigy, they will have a new class code to input so all the work they have completed will not be lost. I wish them all great success!

Enjoy your Memorial Day weekend as we honor those who have made the ultimate sacrifice while serving our country.

Blessings and Peace,
Mrs. Clemons
