

Miss Mathews 1st and 2nd Combo Class

5/13/2022

Our bible stories this week were The Ascension and Pentecost. We learned all about how Jesus went up into Heaven to be with his Father. We learned what it means to be a follower of Jesus and all the different ways that we can share God's love with others. In Science, we learned all about natural resources and the products that are made from those natural resources. We did our unit review and will take the unit test next week.

First Grade: This week, we worked on suffixes ful, ly and y. We continue to work on adverbs for how and where. We worked on different forms of long vowels and how long vowels say their name. We worked on writing opinions and how it is something that you feel. Opinions can be different from person to person. In math, we are working on addition and subtraction facts, days of the week, tally marks, place value, counting money, fractions, measuring in centimeters, double digit addition, ten more and ten less, adding 3 digits, polygons, graphs and double digit subtraction.

Second Grade: This week, we worked on words with long a and i. We continue to talk about possessive pronouns and how they show ownership. We also worked on antonyms and how they are opposite words. In math, we continue to work on our addition and subtraction facts, multiplying by 4's, right angles, line segments, graphs, parallel lines, mixed numbers, measuring lines in centimeters, telling time with quarter past and quarter to, plotting on a graph subtracting money from a dollar.

Standardized Testing/Homework: We will be having standardized testing Monday to Wednesday next week. Please pack your child healthy foods to eat to help them fuel up for testing. Due to standardized testing, we will not have a homework packet, spelling words or a bible verse. All students will have to do is read each night and get a good night's sleep!

Class Supplies: If you are trying to get some partnership hours in, here are some things we need for our class. We use these supplies daily and are running low. Please keep your receipt and attach it to the partnership hours' form and I will initial next to it:

- Copy Paper
- Clorox wipes
- Paper Towels
- Lysol or Microban Air Spray

Partnership Hours: Please make sure to turn in partnership hours' form at the end of each month. This makes it easier for the office to input it and get you credited for the hours.

Blessings,

Miss Mathews

Important Dates:

5/16-19: Stanford Standardized Test

5/20: Donuts with Dad at 7:45 AM

5/27: Minimum Day Dismissal at Noon

5/30: No School- Campus Closed

6/1-2: Minimum Day Dismissal at Noon
