6th, 7th and 8th Grades' homework:

On Monday, October 13 and Thursday, October 17, the students had exams. So it could have been a stressful week for them.

I am very happy to see the results, not only for the exams, but for their participation, dedication and effort during this first quarter.

Thank you parents for supporting your children, it is a joint effort.

We have started the second quarter with a new vocabulary list on the theme of animals. This Monday the 24th they will have their first spelling test.

Additionally, we will begin to look at ordinal numbers as well as articles, days of the week, months, and time and weather.
