

Kindergarten Newsletter

February 10, 2023

Love is in the air! Valentine's day is almost here and we have been learning all about ways to show love and be a good friend. We learned how to be 'I Can' friends. We learned problem solving tools and even put them to use. It has been fun to watch our students be kind and loving towards each other! For language arts we have been blending vowels with r (ar, er, ir or, ur). We thought of so many words for each! In math we started learning about dimes and counting dimes. We are so good at counting by 10's so this was fun. We also reviewed patterns this week. Bible was all about Jesus and the children. We learned what it means to have faith like a child and love Jesus with your whole heart.

Tuesday is valentine's day. If your child will be handing out valentines please make sure their names are written on them. The valentines do not have to be personalized. This makes them easier to pass out. If you signed up to bring something to the party you can drop it off that morning. Don't forget to turn in your parent valentine by Monday the 13th so we can hang them up.

Remember-if your child wears a sweatshirt to school it needs to be **plain colored** (navy, grey, black, green) with no characters on them. Also, remember to send your child to school in chapel wear on Wednesdays. Girls need to have **the plaid jumper or skirt, white collared shirt and chapel sweater**. Boys need to have **navy pants, white collared shirt and chapel sweater**. If you need any of these items please visit our used uniform closet. There are many new/gently used items for super cheap.

Reminder-next Friday, February 17th is a minimum day. All students will be released at 12:00.

Have a great weekend!

Mrs. Fernandez and Mrs. Jamison
