

Kindergarten Newsletter

April 28, 2023

We have had an exciting week! On Monday we began learning about the life cycle of a butterfly. We learned words like metamorphosis, chrysalis and pupa. We also received five caterpillars to watch grow and transform into beautiful butterflies! We will observe them every day and write our observations down. The caterpillars have already doubled in size in just 5 days. We are really enjoying this process. On Wednesday, we sang in chapel. Everyone did such a great job! We will also sing in church on Sunday. We hope everyone can make it! In Bible we are learning about the resurrection. Math was learning about 3D shapes and ABC patterns. We also continue to practice addition.

It is getting hotter outside! Please remember to pack a clean water bottle for your child every day.

We will be taking a walking field trip to see Finding Nemo, Jr. on Thursday, May 11th. Permission slips were sent home. The cost is \$9.00 cash per student. Please make sure to send the permission slip and money back to school by May 8th.

We are singing at church on Sunday! Service starts at 11:00. Your child will sit with you until called up to sing. Please try your best to be there. This is a special time to see your child perform and we have been working hard to make it great!

Have a great weekend!

Mrs. Fernandez and Mrs. Jamison
