

# Mr. Miller's 3rd Grade Newsletter

Good afternoon parents,

Good afternoon everyone. We have under 15 days left of school and we still have so much to do. We will be completing a marshmallow catapult, book report over the Fourth Grade Nothing, and complete the year end testing. We will be busy.

Friday, 2 June is the school BBQ. Please do not forget to bring in your 32 individual packaged potato chips.

This week we will have a Science Quiz, Math Quiz, Science Test, and Social Studies Test.

We have some projects left to complete this fourth quarter.

1. Catapult experiment- It will be due Monday, 29 May. We will be launching marshmallows starting at 10:00am and will finish by 12:00 pm so they can have lunch. If there is anyone that still needs partnership hours, this is a great opportunity. The students will be able to use:
  - a. Popsicle sticks
  - b. Rubber bands
  - c. Plastic spoons
  - d. Plastic cap (for the saddle to hold the marshmallow)
2. 4th Grade Nothing book report- This should be completed next week. I have scheduled some time for us to read and complete journal entries during class. If your student falls behind in the reading or the entries, they will have to bring home for homework.

For Journey's. We will not have any more spelling words for the year. Next week we are focusing on reading the 4th Grade Nothing and completing the book report.

The fourth quarter has begun. Here are a few changes.

1. Most of the school work will be completed on lined paper. Some of the work will be completed in the workbook because it would be too time consuming to rewrite some of the problems.
2. All pages that are turned in will have their name and date on the top right hand corner of the page. If it is more than one page, the pages will be stapled together in the top left hand corner.

Moving forward, any late assignments will be penalized for half credit. If they are turned in more than a week past due, it will receive a score of zero.

## School Work

1. Bible- What is the meaning of the Last Supper?
2. Journey's- Reading 4th Grade Nothing and completing journal entries.
3. Math- Fractions of numbers, dividing the pie.
4. Science-Finishing up with Unit 7 and taking the unit 7 test.
5. Social Studies- Finishing "The First People" taking the test.
6. Physical Education- Working on frisbee skills and playing ultimate Frisbee.

## Spelling Words

## Partnership Opportunities!

Here are some items the 3rd graders need. Please get a receipt and attach it to the partnership hours form. I will add more items as the year progresses.

1. When I return, we will start on the marshmallow catapult science project. It will be due at the end of the 4th quarter. I will need some assistance on the project.
  - a. Printer paper
  - b. Plastic Spoons 50
