### Snacks

If you are able to send in extra snacks with your child each day that would be helpful. I am finding that most of them are needing 1-2 extra snacks than the ones they bring a day. We are getting low on our classroom snacks, so if you could send your child with their own extra snack that would be helpful. If you wish to donate to our snack station in class, right now the favorites are string cheese, chocolate chip mini muffins, cheese its, and goldfish crackers. But mainly the mini muffins and string cheese.

The poster features a festive border with colorful paper lanterns at the top, maracas on the left, a sombrero, a sombrero-shaped piñata, and a sombrero on the right, a cactus and a sombrero at the bottom left, and a sombrero and a sombrero at the bottom right. The text is centered and reads:
