Weekly Recap- I wanted to say a huge thank you to Maria for our creative fun art project. On Friday, the kids went home with a canvas that had clay birds on a wire.

This week in bible we talked about Jesus rising from the dead and the hope that came back to all the people that followed him. In English we added in new sight words that are listed below. We are completing sentences with our sight words. We are working on word families and writing prompts. In math we compare and describe length and height. For earth day we talked about how important it is to take care of our environment. To learn more about our environment we connected with Eco Hero. On Wednesday we had a virtual field trip in our classroom. We split into groups and the students played a trivia game on the things they learned to help care for our environment. They had so much fun!
