End of Year Barbecue and Field Day for Bethany K—8th Grade Students

Friday, May 31, 2024

We have games and activities planned for our students. Please make sure students are sent to school in "appropriate" play clothes, closed toed shoes, and **sunscreen!**

Friday is a **REGULAR DAY** - students will be dismissed at 2:35pm and 2:45pm, per usual.

We are looking forward to lots of fun and excitement!!!

Attention Parents:

Hamburgers and Hot Dogs will be provided and we are asking each student to provide the following items for the barbecue: (We anticipate about 170 students and staff).

- | | |
|--------------|--|
| Kindergarten | 1 Box of Chips any flavor 30 count (individual serving size) |
| 1st Grade | 1 Dozen or a Package of Cookies (any variety— no nuts) |
| 2nd Grade | 1 Case of Water (24 Pack) |
| 3rd Grade | 1 Pkg. each of Hot Dog and Hamburger Buns (No bulk pkg.) |
| 4th Grade | 1 Cut-up Watermelon, Grapes and/or Strawberries (pre-washed) |
| 5th Grade | 1 Container of pre-washed veggies |
| 6th Grade | Lettuce and Tomato sliced for burgers |
| 7th Grade | 1 Case of Water (24 pack) |
| 8th Grade | 1 Pkg. each 100 or more Paper Plates and Napkins |

KONA ICE TRUCK will be here for our students—students will want to bring \$5-\$8, depending on what they choose from the truck.

Please bring your barbecue contributions to school by Thursday, May 31

Mr. Ingersoll's Classes

joshua.ingersoll@gobethany.com

With SATs, graduation prep, and field trips coming up, I have not had as much time to grade as usual. If anyone is in need of partnership hours and is willing to help me with some grading, please get in touch with me.

Bible: There is no memory verse this coming week. We'll be working on chapel takeover for the rest of the month.

6th-grade Science: This coming week we will be finishing lesson 7, with a quiz on Tuesday. Then we will start reviewing for a test on unit 2

7th/8th-grade Science: This coming week we'll finish lesson 2 and have a quiz on Tuesday.

6th-grade Tech: This coming week we will start working on a maze project in

scratch.

7th/8th-grade Tech: This week the students will be working on an HTML worksheet reviewing what we've learned so far.

Art: This coming week we will be talking about texture and different media in art. The students will start working on their final project.

Ms. Cindy

Sixth grade homeroom/MS English/Spanish

cindy.ulloa@gobethany.com

Bible- our verse of the week is Psalm 145:9

IXL Middle school Competition!!!!

1st place: Xlan Andan

2nd place: Lucas Honda

3rd place: Aiden Palman

Quarter 4
May 10, 2024

Middle school is competing to get as many mastered skills as they can on IXL between now and May 10th. This is to help them with test taking before we start SATs. PLaced winners will receive a prize! Goodluck!

6th grade: We will be reading 9-12 this week and wrapping up A Wrinkle in Time. They should be studying their vocab words and reading a chapter every night

7th grade: They will be finishing up a writing assignment on The Giver and then taking the test. After we will be focusing on grammar and the textbook.

8th grade: We will be working on our Maus project. They will have to research a theme and compare it to what happened in the story. This is going to be a long project so we will be working on it together as well as taking trips to the library for research.

Mrs. Roberto

trisha.roberto@gobethany.com

Eighth Grade - World Civilizations

Seventh Grade - United States History

Sixth Grade - World Civilizations

Thank you ALL for making me feel extra appreciated this past week. I sincerely love all the treasures and kind words received. I love being at BLS and working with all of your children, thank you for entrusting them in my care each school day.

8th Grade- Students have voted to "move backward" and study WW1 next. So, we will begin Module 26. All work will be completed during class. This module has 5 lessons so this will most likely take us through the end of the school year.

7th Grade- Students have begun Module 17, A Divided Nation. Students opted to work in groups to read, take notes, and eventually present their information to class. No formal test for this module. All work will be completed during class.

6th Grade- Students will continue working through Module 16, Japan. All work (reading, notes, and discussions) will be completed during class, as a class.

Mrs. Robertson

MATH

Alisyn.Robertson@gobethany.com

Thank you to all the amazing parents and students for all you did for us teachers this teachers appreciation week. I am so happy to be able to not only teach math to your students but make a positive impact in their lives! This week we did not have a test as they will be testing all week next week. We will resume lessons as usual the following week.

Mr. Randolph

P.E.

andrew.randolph@gobethany.com

This year during P.E., my goal is to help all students gain a better understanding of various sports, build teamwork and relational skills, and find some sort of enjoyment in the realm of physical fitness.

We have finished up our Basketball unit, and are moving on to Football next. This past week has been a transition week between units, as always focusing on physical fitness training. This training check in is for individuals to work on different aspects of health and fitness. Grades for this training

Quarter 4
May 10, 2024

are based solely on effort output and time improvement. (If a student's time is excessively less than before, indicating lack of effort, their grade will be a reflection of that.)

As we get ready to start our football unit, student's will be reminded of our all encompassing goals of having good sportsmanship, challenging themselves to learn new things, being good leaders by example, and giving opportunities for each person to contribute. Football rules and regulations will be explained only in part for this unit. While we will go over rules of normal American Football, the play will be centered around Flag Football rules. The differences between the two will be discussed and explained as well, using Flag Football rules for precautions and safety reasons.

"If it doesn't challenge you, it won't change you." -Fred DeVito

Mrs. Poole

7th and 8th Grade Cooking

This week we made homemade macaroni and cheese. The students did a great job and we had a lot of fun exploring how to boil water (like that we need an adequate amount of water in the pot!) and what to do when the sauce is too runny. Everyone did a great job problem solving and it was a lot of fun. I will attach the recipe below! Next week, we are going to make chocolate chip cookies :)
